

We want to hear from YOU!

Have you ever
been to the
doctor, dentist,
hospital or used
other healthcare
services?

Do you want to
help make
those services
better for
children and
young people?

**The Care Quality Commission (CQC) is
creating a plan for children and young
people – and we need your help!**

**Join our Children and Young People's Advisory
Group to have your say on what matters to
children and young people when it comes to
their health and care.**

Who can join?

If you're between 12 and
25 years of age and have
used healthcare
services, you can help!
